*To Those Who Knew Him and Loved Him
By Angie Johnson*

Jim Bradley was a person who was always full of energy and life,
It never took him long to make a sad face smile.
He put everything he had into life,
Right down to his last mile.
Jim Bradley was indeed an athlete who wouldn't settle for defeat.
He fought and had won the most dreadful battle of his life,
And may he win again when it is his turn to sit in His judgement seat.

To the students of Sussex Central High School: The Yearbook Staff chose a very appropriate theme this year. Where are you going? Where you go and how far you go will depend on you. Sure, there are many factors that will affect the path you take and how easily you reach your destination. But basically you control your life and what you make of your life. Set high goals for yourself and work hard to accomplish them. Good luck.

Howard Gerken, principal

Carl Bartell, vice principal

Many of you have already answered the question "Where are you going to?" To those who have, I wish you the best of luck in getting there. For those who have yet to determine an answer, I would encourage you to use the skills you have developed at SCHS to construct a plan for your future that includes not only concern for family and community, but one which will satisfy you. Best Wishes.

Don't Quit

When things go wrong, as they sometimes will,
When the road you're trudging seems all uphill,
When the funds are low and the debts are high,
And you want to smile, but you have to sigh,
When care is pressing you down a bit,
Rest, if you must—but don't you quit.

Life is queer with its twists and turns,
As everyone of us sometimes learns,
And many a failure turns about
When he might have won had he stuck it out;
Don't give up, though the pace seems slow—
You might succeed with another blow.

Often the goal is nearer than
It seems to a faint and faltering man
Often the struggler has given up
When he might have captured the victor's cup.
And he learned too late, when the night slipped down
How close he was to the golden crown.

Success is failure turned inside out—
The silver tint of the clouds of doubt—
And you never can tell how close you are,
It may be near when it seems so far,
So stick to the fight when you're hardest hit
It's when things seem worst that you mustn't quit.
